MAN'S BEST COMPANION FOR WORK AND PLEASURE

The Mitsubishi L200 is widely regarded as one of the most successful vehicles combining outstanding abilities for both work and play. For many years the L200 has proven to be one of the strongest workhorses in its class, on- as well as off-road, supported by its great 4WD technology. Not surprisingly, those qualities have also made the L200 very popular for driving home after work or taking a trip out to the countryside. The latest generation shows how it has developed into one of today's most desirable Mitsubishi models. In addition to its impressive appearance, we invite you to have a look at Mitsubishi's exclusive L200 accessories shown in this brochure. Of course, they are all designed to take more of the work out of your driving life and put more pleasure into it...

KING OF(F) THE ROAD

Where others back out, your L200 will keep right on going! It will take you along every dirt track and up every hill, while its spacious loading platform offers you a firm base to transport almost anything.
